Object: new instruction for Certificate of Origin (COO) printing.

Dear Sir / Mam,

By the present we inform you that from today there is a new method to obtain the Certificate of Origin from the Italian Chamber of Commerce by printing it independently.

Procedure:

The export company (Camuna Cavi) asks for a COO to the Italian Chamber of Commerce, who sends a PDF file of COO duly stamped and signed through legal mail.

This official document can be printed directly in color on a A4 format sheet (dimension 210 mm x 297 mm, weight not less than 64g/m2).

Benefits:

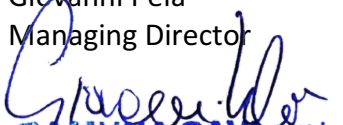

- Attested COO can be sent directly to customer through email.
- Customer can print all necessary copies himself whenever he needs them.
- No possibility to lose this document.
- Reduce of courier costs.
- Reduce environmental impact.
- Reduce of general mistakes.
- Reduce procedure time.

For all above listed advantages, we kindly ask you to check the possibility to accept this new method for future supplies.

Sure of having done something pleasing, we thank you for your attention.

Kind regards

Giovanni Pelà
